

FLY IN PROGRAM

Consultation

Our team highly recommends all out of town patients to utilize our convenient virtual video consultation for their required initial consultations. This is an important first step as this is where Dr. Shirazi will get to know you and your concerns.

All video consultations will need to be scheduled directly through the office via email or phone. You will need to download the patient portal to insure a HIPAA compliant platform for video communication. We'll ask you to send us a set of photos of the area you're interested in enhancing prior to your scheduled consultation for Dr. Shirazi's review. At the time of your video consultation, Dr. Shirazi will get to know you more and begin creating a personalized treatment plan to ensure you get your best results!

Please have a pen and paper ready for taking notes while speaking with the Doctor. This is a virtual appointment, so we ask that you are in a private, quiet area that is free of distractions and ensure that you have a good internet connection.

These consultations are important as our office cannot guarantee same day treatment. Your time is important to us and we want you to get the most out of it while you visit us in office.

Scheduling

Once you receive your personalized treatment plan and have decided on what treatment you would like to move forward with, it's time to get you scheduled. Our team is available via phone call, text, or email to get you scheduled. When you call our office, our friendly and knowledgeable patient coordinator will help you start the process. She will answer your questions and send you initial paperwork via email, fax, or mail. We know traveling can be stressful and we want to make sure scheduling is the least stressful part. We are happy to work with your availability and ensure we can secure an appointment slot for you at your most convenient time.

*All patients are required to pay a 50% deposit at the time of scheduling. This deposit will be applied to your balance due at the time of the appointment. If you are needing to cancel or reschedule your appointment, we require 2-business days' notice. If our office is provided less than a 2 business days' notice or you "no-show", your deposit is non-refundable and non-transferrable, and an additional deposit is required to reschedule as the original deposit is forfeited.
